Brief: Vital Record.

CHICAGO, Oct. 23.—[Exclusive
Dispatch.] Mystery which sur-
rounded the death of Mrs. Margaret Leslie, an actress, in her room
at the Palace Hotel Wednesday night,
was cleared this evening when Howard E. Nicholas confessed that he
strangled the woman and then escaped from the hotel with her diamonds concealed in a secret cavity
in his artificial limb.Nicholas is one of the most remark-
able criminals the police of Chicago
have had to deal with. Omitting no
details and without hesitation he told
how the actress, suspecting nothing,
admitted him to her room and how
politely she sat on the edge of the bed
laughing and talking. Suddenly he
crept close and, overpowering her
with his hands, strangled her to
death. The woman's jewels, valued
at \$2000, have not been recovered and
other arrests are expected.It was at first believed that Mrs.
Leslie had committed suicide, as an
open gas jet strengthened such a
theory, and a Coroner's jury returned a
verdict of suicide.

FRIENDS FORCE INVESTIGATION.

Then the woman's relatives hurried
to the city and investigation resulted
in Nicholas's arrest. This afternoon
he was confronted by two pawn-
brokers who identified him as having
offered the diamonds for sale. It was
said that Nicholas produced the jew-
els from a cavity in his artificial limb.In the face of this identification
Nicholas broke down and made a
complete confession. Nicholas lost a
leg in a railroad accident for which he
got \$4000. Later, he was "angel"
for a theatrical company and wor-
shipped at the shrine of the actress.
Of late he had been in financial
straits. Mrs. Leslie's remains were
buried today at Tuscola, her old home.The woman's uncles composed a
campaign glee club which took part
in many of Speaker Cannon's Con-
gressional campaigns. It was said
that Mrs. Leslie singing with her un-
cles, had materially aided the success
of "Uncle Joe" in one closely-
contested campaign.

IMPLICATES DRUG CLERK.

LATTE HAS DISAPPEARED.

BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 23.—[Exclusive
Dispatch.] In a second confession late
tonight Nicholas declared that George
Leopold, a drug clerk, was the prin-
cipal in the attack on Mrs. Leslie. He
said that Leopold overpowered the
woman and the two strangled her with
a towel and saturated her with chloro-
form. Leopold has been missing for
several days.

IRONTON (Mo.) Oct. 23.—Half an
hour of liberty and a stroll to his
wife's boarding-house and back to the
Iron County Jail varied the monotony
of former United States Senator J. R.
Burton's first day in jail today. Plead-
ing that he wished to get some books
and papers from his trunk, Burton
was permitted by Sheriff Marshall to
take a brief recess from confinement.
As Burton reached the street, he saw
his wife and niece just returning from
a drive. They accompanied him to the
home of Dr. Smith, where Mrs. Bur-
ton is boarding.

ROME, Oct. 23.—The Pontiff
is suffering from a slight attack
of gout, and has been ordered
to take a rest. At a late hour
tonight, the pains gradually di-
minished, and he fell into a
peaceful sleep.The composition of the Clem-

produced a most unfavorable
impression at the Vatican. The
Pope is quoted as saying that
the affairs of France cause him
greater pain than any physical
sufferings.

GRAIN MEN TESTIFY IN RAILWAY HEARING.

(BY THE ASSOCIATED PRESS-P.M.)

KANSAS CITY (Mo.) Oct. 22.—Evidence of favoritism shown to the managers of the Kansas City elevator of the Chicago Milwaukee and St. Paul Railway in the matter of granting reduced grain rates to shippers; the existence of a rule in the Kansas City Board of Trade threatening its members with suspension if they dealt with "irregular" grainmen, so called, a combine of members of that organization to fix prices and threats by grain dealers' associations to boycott the Board of Trade members who might buy from farmers and others against whom the association had issued orders were some of the things brought out here today at the grain hearing begun yesterday by the Interstate Commerce Commission. A score of grain dealers, elevator men and railway officials were examined. The hearing will be continued at Omaha tomorrow.

KANSAS CITY, Oct. 22.—Both Commissioners Clark and Lane were on hand today when the Interstate Commerce Commission hearing was resumed in the District Court. Twenty grain dealers, elevator men and railway officials were subpoenaed to testify today.

"Yes," replied Beall, "Such a combination existed in 1904."

APPOINTS THE DAY FOR GIVING THANKS.

(BY THE ASSOCIATED PRESS-A.M.)

WASHINGTON, Oct. 22.—The President today issued a proclamation naming Thursday, November 23, as a day of thanksgiving. The text of the proclamation is as follows:

A PROCLAMATION.

The time of the year has come when, in memory of our fathers, it becomes my duty to set aside a special day of thanksgiving and praise to the Almighty because of blessings we have received and of prayer that these blessings may be continued.

Yet another year of widespread well-being has passed. Never before in our history or in the history of any nation has a people enjoyed more abounding material prosperity than is ours; a prosperity so great that it should arouse in us no spirit of recklessness and least of all a spirit of discontent with our condition; but rather a sober sense of our many blessings, and a resolute purpose, under Providence, not to forfeit them by any action of our own.

Material wealth is indispensable though it can never be anything but the foundation of true national greatness and happiness. If we build nothing upon this foundation, then our na-

WOMEN SUFFRAGISTS STORM PARLIAMENT.

(BY THE ASSOCIATED PRESS-A.M.)

LONDON, Oct. 22.—Unusual excitement in connection with the re-opening of Parliament today was caused by the presence of about 100 women suffragists, many of whom, despite the protests of the police, managed to find their way into the outer lobby of the House of Commons with the intention of "button-holling" the members in support of their movement.

A number of the suffragists mounted velvet chairs in the lobby and began to harangue the new members of Parliament present in that part of the house.

The police, after being reinforced, made a strategic advance against the invaders, taking the women singly and pushing them out one at a time from the house. The most militant of the women struggled so desperately that two officers were required to remove them. The hysterical shouting and screaming of the crowd of members from the House and the unwanted scene created temporary excitement such as seldom has been witnessed in and about the house.

Dumont, a suffragist, a small band of the stanchest suffragists determined to attempt to break into the house itself, and, as though by concerted action, this band suddenly charged toward the entrance of the inner lobby.

Some of the women tried to climb over the barrier, and others attempted to crawl under it. For several minutes the utmost disorder prevailed, and the accident.

BIRD OF PREY WINS ARCHDEACON CHALICE.

(BY DIRECT WIRE TO THE TIMES.)

PARIS, Oct. 22.—Exclusive Dispatch.—M. Santos-Dumont won the Archdeacon Cup this afternoon on the field at Bagatelle with his Bird of Prey, a flying machine.

Not only did Dumont succeed in covering the necessary twenty-five meters, but in the opinion of every competent witness summoned in council immediately after the flight, it was agreed that he left the ground over fifty meters.

Dumont's flight was free with a well-sustained landing. The wind was strong, the huge contrivance, propelled by a sixty-horse-power motor, shot four or five meters into the air and continued at this height until Dumont cut off the power and allowed the screw to stop. Then the horizontal propeller was raised by an inclined movement and, with a thud, which smashed the wheels and a portion of the lower frame, as well as the rudder, the Bird of Prey came to a standstill.

The morning trial had been unsuccessful, but after a few repairs M. Santos-Dumont announced that he

E. R. Beall of Kansas City, of the National Grain and Elevator Company, which is affiliated with the National Board of Trade of Kansas City, a division of the Kansas City Board of Trade, testifying in effect that farmers who dealt with the National Board and the Illinois Board were blacklisted by the Kansas City Board of Trade.

Asked if his company had experienced any trouble from the Kansas City Board of Trade in moving its grain outside of Kansas City, Beall said: "Yes, we experienced interruptions when we attempted to sell our grain at New Orleans through the Illinois Central elevator in that city. They placed an embargo of 5¢ cents a bushel on our shipment for running the wheat."

Beal, he said, protested vigorously to the officials of the Illinois Central Railroad both at New Orleans and Chicago, and the charges were considerably reduced.

Beal said that he had been a member of the Kansas City Board of Trade since 1904.

"We are at that time," asked John H. Marble, attorney for the Interstate Commerce Commission, "any compensation in extension to agree upon the right to sell to the members of the Kansas City Board of Trade for wheat?"

"Yes," replied Beall, "Such a combination existed in 1904."

CHICAGO, Oct. 22.—[Exclusive Dispatch.] Suffering from a severe strain of the spinal cord and unable to walk or withstand the pain of being carried, Carter H. Harrison for four days and nights lay on a cot in a backwoodsman's hut near Chapeau, in the wilds of Canada, with awaiting him arrival of medical assistance from the nearest settlement, over 100 miles away. He was hunting moose.

The former Mayor suffered intense agony and his progress to Ridout, Ont., after his injuries had been dressed, was painfully slow. Suffering great pain, Harrison arrived in Chicago this afternoon and recuperated enough to make the journey to the Virginia Hotel, where his injuries will continue him for several weeks to come.

Harrison at first feared he had suffered permanent physical injuries but Dr. E. C. Dudley, who made a thorough examination, announced this evening that such was not the case.

GEORGE BRUCE CORTEYOU,
Postmaster-General, he will advance to the Secretarship of the Treasury, under the proposed changes in the Cabinet.

WASHINGTON.
EMPIRE STATE AND CABINET.

Changes Will Give New York Three Members.

Announced to Be Secretary of the Treasury.

D. Carr's Property in Reclamation.

BY DIRECT WIRE TO THE TIMES.

WASHINGTON, Oct. 23.—[Exclusive Dispatch.] Official figures of customs business for the fiscal year ended June 30 show that the aggregate receipts of the Los Angeles customhouse were \$257,477.55. The expenses of operation were such that it cost only 6 cents to collect each dollar of the above total. That is regarded as a fine record, when compared with other ports.

At Little Egg Harbor, N. J., for instance, it cost \$126.27 to collect 40 cents last year; at Eureka it cost \$1.76 to collect each of the \$425 received last year.

The cost of collecting each of \$104,359 received at San Diego was 19 cents. San Francisco figures were published some time ago among those of the largest ports.

In Hawaii \$1,233,764.12 was collected last year, at a cost of 8 cents for each dollar.

Eureka appears to be the only California port that comes in the class which Secretary Shaw recommended to the Senate for reclassification, because it costs more than \$1 to collect that amount.

WASHINGTON BRIEFS.

Approved Colton Banks.

WASHINGTON, Oct. 23.—[Exclusive Dispatch.] The Comptroller of the Currency today approved the application to organize the Colton National Bank of Colton, Cal., with a capital of \$100,000. The organizers are J. B. Coulston, O. M. Soudan, Charles Nicoll, John P. Stone and M. T. Page.

CAMPAIGNING IN INTEREST.

Boss Murphy Calls for Tammany Energy.

Grand Jury Dismisses His "Hold-up" Charges.

Vice-President Busy in Indian Territory.

BY THE ASSOCIATED PRESS-P.M.

NEW YORK, Oct. 22.—There were no official developments of interest today.

Chairman William J. Conners of the Democratic State Committee, appointed an executive committee to push the State campaign, and Charles F. Murphy called upon the Tammany leaders to support the party nominees with loyalty and energy.

The grand jury which has been investigating Murphy's recent charges that Independence League members were trying to "hold up" Democratic candidates, dismissed the subject as "campaign gossip."

Charles E. Hughes, the Republican candidate for Governor, left Kingston for half a dozen speeches in Orange, Delaware and Chester, and closed the day's work with an evening meeting at Elmira.

William R. Hearst spent the day in town, addressing three city meetings tonight.

The judiciary nominators held a meeting at Carnegie Hall tonight, in the interests of an independent judiciary. Among the speakers were Joseph H. Choate, former Judge Alton B. Parker and former Secretary of the Navy Benjamin F. Tracy.

ESS PROMISES LOYALTY.

Charles F. Murphy tonight authorized the following statement:

"Tammany Hall will be absolutely

loyal to the State Democratic ticket, from top to bottom, and I believe it will poll a very heavy majority in New York county.

The present movement is of far greater importance than the personal popularity of any individual. It is a revolt of the people throughout the entire country against the domination of government in all its branches by the corporations, which have increased the cost of living far beyond any increase in the rate of wages, by stifling, through the secret rebates they exact, legitimate competition in every field of industry and have even attempted to invade the independence of the courts.

"The issue is clean-cut, whether the corporations shall control the government, or the government the corporations.

"On this issue there can be no doubt of Democratic success.

The present movement, in popular estimation, has become the embodiment of this widespread revolt against special privileges and the corruption they have engendered.

"I fully recognize of this fact and the strong demand for his nomination throughout the State that led Tammany Hall delegates to cast their votes for him at the Buffalo convention."

PARKER DENOUNCES MURPHY.

(By THE ASSOCIATED PRESS-P.M.)

NEW YORK, Oct. 23.—Alton B. Parker, at the mass meeting of the judiciary nominators, after saying that he had left the bench never to return, paid a ringing tribute to his former associates and the present members of the State courts and appealed to his audience to vote for judges who were known to be free of political bias and political bosses.

"The evidence is unmistakable," continued Judge Parker, "that the leader of Tammany Hall regards that the one opportunity he would have for prominence this year would be in this judicial ticket. Did you suppose there would be any inducement for him to place his hand in the hand of the man who had defrauded him—a corrupt and a criminal and had pied him with stripes upon him and a ball and chain at his feet?

"And yet he did it. He did more. Aspiring to be the leader of his party in the State, he nevertheless sought to be the leader of the nation, and compelled by his force, by his ability to command this and that man to break his promise. He made a compact with which had a vagueness, a fraudulent character. Those things were done which in business constitutes a crime. These things also constitute a crime in politics."

OSBORNE PAYS THE RENT.

(By THE ASSOCIATED PRESS-A.M.)

ALBANY (N. Y.) Oct. 23.—Investigation today of the reported "seizure" of the permanent headquarters of the Democratic State Committee in this city by Democrats opposed to the candidacy and election for Governor.

Hearst developed one of the most important managers of the Independence League, it was announced that the charges had fallen completely to this effect, and that the charges were "merely campaign talk." The grand jury would not proceed by making a result of its investigation.

Classified Liners.

Times "Liner" Advertisers—Important Note change in rate for Sunday Insertions. Commencing Sunday, Oct. 21, 1923, the Sunday "Liners" was raised to 1/4 cents per word for each insertion; minimum charge, 25 cents, at present. This slight advance is amply justified by the present high circulation of The Times, which averages over 70,000 copies. (When the 1-cent-per-word rate was established in 1922, The Times Sunday circulation was only 16,000 copies.) The "Liner" rate for the daily 1/4 cents per word will stand as at present.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and we will give you careful attention. Rates 1/4 cents per word in the Sunday edition; 1/4 cents per word in the daily edition; minimum charge, 25¢.

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephone advertisements.

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10 o'clock Saturday nights. Rate 1/4 cents per word.

counter will come as a surprise

to the Democratic headquarters.

The present headquarters was es-
tablished by Senator Hill, and has been maintained by individual contributions.

Among others, as the present Dem-
ocratic Committee was making

use of them, and before they

could be made a valuable adjunct

to the regular Democratic organiza-

tions, there is no money

CANDIDATE ON THE STUMP.

Candidates and speakers of the Repub-

lican county organization will ad-

dress meetings tonight at Glendale,

Monrovia and Downey. At the

first-named place Marshall Stimson, Lewis

A. Goff and others will appear; at

Monrovia the speakers will include

Ben E. Ward and Lamar Harris,

and at Downey Dr. James P. Booth, can-

didate for Coroner, who will be the

principal speaker. The gay speakers

and candidates for Coroner, will have a

meeting of their own this evening at the

new East Fifth street, where he will

address members of the New West

Political Club.

Meeting of the Latin-American Re-

publican League will be held ton-

ight at Sherman, where Frank Domingo,

Ralph Sepulveda and Republic-

an county candidates will be heard. The

ague will speak at the new

monrovia evening and at the

new clubhouse on Alpine street Sun-

evening.

VICE-PRESIDENT'S TOUR.

LARGE CROWDS GREET HIM.

BY THE ASSOCIATED PRESS.

MUSKOGEE (I. T.), Oct. 23.—In a

rainy Vice-President Taft

spoke to 7000 people here to

this afternoon.

The Vice-President did not speak on

political topics, but spoke on per-

sonal matters.

Following his address he met

with many of the people

of Muskogee, who spoke to South

Canadian, Enid, McAlester and

Broken Bow, being greeted every where by

large crowds.

POLITICAL BRIEFS.

LEFT ABANDONS PROPOSED TOUR.

WASHINGTON, Oct. 23.—Secretary

Art today announced that he prob-

ably will be compelled to alter his

travel plans. He is now on

vacation, as it would be practically

impossible for him to speak at Omaha

the evening of October 23, then go to

Denver and make his Idaho tour.

It is not known positively just

at what day he will be in Pocatello and

McCall.

MURPHY'S SUGGESTIONS.

THE TOO LATE TO HELP CUBS BEAT THE

WHITE SOX—WANTS LONGER SERIES

OF GAMES.

President Charles Murphy of the

White Sox has been assured by Harry

Hermann, president of the National Com-

mission that he is pleased with Mur-

phy's suggestion concerning the extend-

ing of the world series to six out of

nine games, seven out of thirteen.

It stands at present the best four

of seven matches captures the

fourth of the universe.

Hermann says the matter probably

will be brought up before the next

meeting of the American and National

leagues for consideration at their

meetings.

Murphy said yesterday that he

had not had the idea out of any dis-

agreement he may have sustained

in the recent series between the two

leagues, but that he talked

with the popular visitor, who

it is Murphy's opinion that the

series would entirely eliminate

luck.

Felonies Taken to Folsom.

Charles Smith, highway robber, sentenced to twenty-five years in prison; R. A. Magee, sentenced to fifteen years for the same crime; and M. Ganis, committed for five years for burglary, was taken to Folsom last night by Sheriff White.

Fallen Car.

Michael Ryan, residing in a rooming-house at First and Alameda streets, from a car which ran over Los Angeles streets last night and sustained slight bruises about the limb and trunk. He was removed to the Receiving Hospital and later sent to his lodgings.

His Death Accidental.

A verdict of accidental death was rendered yesterday by the Coroner's jury which investigated the case of Byron Andress, who fell down an elevator shaft at the Mammoth Hotel on South Broadway Saturday night. Arrangements for the funeral will be made today by W. H. Burroughs, who arrived yesterday afternoon from Riverside.

Found Lying on Walk.

Lying on the sidewalk at Washington and First streets last evening C. H. Gordon, 22 years old, was found by a special officer. Gordon was sent to the Receiving Hospital and the police surgeon declared he had been suffering from pneumonia. Gordon came to Los Angeles for the betterment of his health and has been residing at the Rowan Hotel, he says.

Alleged Vagabond Caught.

John Foley, a footless beggar, said to have been a vagrant for years, was captured in again yesterday by the police. He was given a "hoist" several months ago and left the city, but remained away only a few weeks. He was arrested yesterday morning at the Central Station on suspicion. Foley walks on crutches having lost his feet in an accident several years ago.

Flue Too Hot.

An overheated flue in a chimney set fire to the home of Mr. Carl N. Stinson, 51st street, early last evening, and before the department arrived the house had been destroyed. It was a one-story structure. It burned so rapidly that the firemen, upon the action taken by the plasterers. McCarthy favors any and all resorts to striking to create sentiment among the totem dopes, upon which he had built up his own union-labor trust.

It was stated yesterday that the Bricklayers' Union had also considered asking for still more wages and making it demands coincide with the time set for their convention with that of the plasterers. So far the Bricklayers' Union has refused to be drawn into the present abortive attempt to shackle the hands of the builders of Los Angeles.

DOLLAR A DAY MORE WANTED.

PLASTERERS' UNION OUT WITH STRIKE THREAT.

Team Gang Tells Contractors If They Do Not Meet Demand by November Thirtieth, There'll Be a Suspension of Work—Contractors Will Stand Firm to Finish.

In the forlorn hope of rejuvenating the so-called strike of the Carpenters' Union, the Plasterers' Union yesterday presented a tabulated series of demands to all the contractors of Los Angeles for an increase in wages from \$5 to \$6 a day.

The union has set November 13 as the time the new scale will go into effect. If the contractors refuse to grant the increased wages the plasterers say they will strike.

It will be remembered that at the Carpenters' Union asked for the closed shop, a half-holiday on Saturday, and an increase in wages, the plasterers withdrew their demand for an increase in wages, and also their support from the Carpenters' Union. In return they were granted a half-holiday on Saturday. While the contractors have not formally established the closed shop demanded by the Plasterers' Union, it has been virtually in force here for the last year owing to the scarcity of workingmen.

Now, emboldened by the success of their first demands, the plasterers have again increased their demands to \$6 a day. The notice was received by all of the contractors yesterday and a meeting will be held today to organize the contractors who make a specialty of plastering. This is intended to perfect an organization like the Master Builders, a subsidiary organization of the Builders' Exchange, and by this vehicle make a stand firm to finish the demands of the Plasterers' Union. The contractors will stand firm to a finish.

The visit here of "Pinhead" McCarthy of San Francisco a few days ago is thought to have been the cause of the notice. The visit was to see what the plasterers were doing in the city, who rushed over to assist in removing valuable furnishings, found they could not enter. The loss to the building and contents is estimated at \$6,000, covered by insurance.

Small Burglaries.

The usual number of small burglaries were reported yesterday. Mrs. J. A. Snyder of No. 497 Severance street lost a black handbag containing \$100 and a diamond ring. The bag was stolen from her desk while asleep in the Glendale rooming-house on West Sixth street Monday night. B. Cross of Glendale was visited by a thief, who took \$100 from his pockets. The room of P. Stead at the Edison, Fourth and Los Angeles streets, was entered Monday night and a cloth taken.

Riley Complains.

John Riley of Pomona complained to the police last night that he awoke in a lodging house at No. 301 Aliso street about 7 o'clock in the evening and found his door open. He had been robbed. When he awoke he learned he learned that Riley had gone to the place about 3 o'clock this afternoon. The proprietor said he appeared to be in good condition. Riley admitted to the police that he had met a strange man on North Main street few hours before his memory failed him and that he began to drink. Riley claims to have lost \$7 and a valuable gold watch.

Residence Fire.

The residence at No. 610 West Thirty-eighth street was damaged by fire yesterday morning. The house is one of a row of half houses belonging to Dr. J. J. Johnson, No. 608 and 612 South Figueroa street. The lower floor was occupied by Mrs. Emma Myers, while M. D. Gill and family lived on the second floor for the past two years. The fire started in the back porch on the second story, but its cause is a mystery.

The damage to the building will probably amount to \$1000, covered by insurance. Give \$100 insurance on his property, which will cover his loss.

Wood Leaves for Home.

H. P. Wood, secretary of the Hawaii Promotion Committee, has headquarters in Honolulu, but goes north, accompanied by his wife, to return home via Vancouver, stopping at San Francisco, Portland, Tacoma and Seattle. He will reach home the last of next month. While here Mr. Wood arranged with the Los Angeles Chamber of Commerce for an excursion to Hawaii after the holidays, and he promises to entertain the visitors really well in the Islands. Wood, an enthusiastic worker, is anxious to establish closer social as well as business relations between Hawaii and the South. California Editorial Association party gave a winner at the Angeles in honor of Mr. and Mrs. Wood just before their departure.

MARRIAGE.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

A delegation of women from the Outdoor Art League visited the Board of Public Works yesterday and asked for the collection of garbage from the alleys instead of from the streets. The board decided to try the plan in one collection district, to ascertain the added cost, and may carry it out in the entire city if practicable.

Members of the Board of Public Works yesterday expressed their desire for a large extension of the conduit district, and declared that it would take 300 years to get the wires underground at the present rate of extension. The City Council will extend the area of the conduit district before the first of the new year.

The appointment of a tree warden to care for all trees on public streets and encourage the planting of shade and ornamental trees was urged upon the Board of Public Works yesterday by members of the Outdoor Art League.

In the Federal Court Margaret E. Wall is seeking the unentanglement of a complicated real estate muddle.

Mrs. Frieda Terry, Ed Whitcomb and Mrs. Audrey Nast, members of the property at Avenue 28 and San Dimas which they acquired for South Dakota property. Now they are filled with regret and ask the courts to undo the legal knot.

Marrried when only 17 to a boy just turned 15, Mrs. Belle C. Bill discovered her mistake, and yesterday obtained a divorce.

F. Jones, a brutal negro charged with making helious advances toward little white girls, was given a heavy sentence yesterday by Justice Rose.

Mrs. Viola Brady, said to be the "white slave" of a negro, appeared yesterday before Justice Rose, and her trial by jury was set for November 28.

AT THE CITY HALL.
WOULD ARREST FIRST FAMILIES.

GARBAGE STATUS BAD IN FINE RESIDENCE DISTRICTS.

Committee from the Outdoor Art League Declares Many Prominent Householders Violate City's Laws and Rules for Health and Public Decency.

"It would be a good thing to arrest some of the first families of Los Angeles. I think it ought to be done, at once, in the interests of public comfort and health."

This was the somewhat startling statement made to the Board of Public Works, yesterday morning, by Mrs. Willoughby Bodman, who headed a delegation of women from the Outdoor Art League, and who advocated radical changes in the method of collecting the city's garbage.

The declaration was made than on the very best streets of the city, and among the most noted residences, is found a constant violation of the city's ordinances; and that no attempt is made to force these people to obey the laws. They use old vats or boxes to hold trash, receipts from wash basins to harris, and in many cases the refuse being exposed in the most repulsive style.

The Outdoor Art League ladies used the necessity of making public examples of some of those "prominent citizens" as a means of arousing the public to a sense of responsibility.

The desire of the delegation, however, was to have the garbage collections shifted from the front sidewalks to the alleys and rear of lots in blocks where there is no street.

The committee of the Board of Public Works is that it would require from \$30,000 to \$40,000 more a year to handle the garbage under such conditions, and an extra man must be employed.

The Outdoor Art League would also urge that street improvements must carry as a part of their plans the uniform tree planting on the street improved.

The board finally decided to give one garbage route a trial on the day set, to give close inspection as to result and cost. If a financial plan can be worked out, the board desires to adopt this method for all sections of the city.

It is said that there has been a betterment of conditions in the general garbage collections during the past year, and that the citizens are paying more attention to the separation of cans, glass and papers from the other refuse; but a long wall comes up from the collectors over the aluminum cans which are used to hold the garbage.

The representatives of the Outdoor Art League also discussed with the Board of Public Works the proposed new street system, and the great need for instruction of children which will prevent them from throwing waste papers on the highways. The teachers of other schools will be appealed to, and a special effort will be made through the Child Study Circles to spread the cult clean streets during the present school term.

LARGE EXTENSION.

CONDUIT DISTRICT AREA.

A communication sent to the Board of Public Works yesterday by Marco H. Hellman, protesting against the acts of contractors in leaving holes in the pavement in front of the Hellman block after conduits had been placed, brought forth a discussion of the benefits and disadvantages of the conduit district system. It was shown that the paving operations made in the paved streets is increasing daily.

Chairman Anderson expressed himself in favor of a large extension of the area of the conduit district for the ensuing year, and declared that he would urge the City Council to provide for this before the beginning of the new year. He will also urge that in all cases where streets are to be paved, the contractor shall be required to complete the paving before the contractor be paid.

The City Council, however, agreed to let construction be made before the paving is done. Commissioner Hubbard declared that there are wires in fully 400 miles of city streets, and that it will take a year in the conduit district, it would take 300 years to accomplish what the city has set about in this regard. He further called for a large extension of the conduit and its rapid extension from year to year.

SEVERE CASE.

MUST STAND BY BID.
The case of A. P. Fusich, bidder on the construction of a sewer in Avenue 57, was before the Board of Public Works yesterday. The board decided that Fusich must stand by his bid, or agree that if the work is to be redistricted that he will put in a bid no higher than the one he put in on the first bids offered. Fusich made the bid that he had figured on the map of the work as being drawn

on single scale, whereas he discovered later that it was double scale. For this reason he asked that his bid be withdrawn.

But it appeared at yesterday's hearing that he discovered his mistake before the bids were opened, while there was yet time to have withdrawn his offer, and that he failed to do so. The bid was M. L. Hostetter, whose offer was \$12,125. It is now claimed that Hostetter also made a mistake in figuring the work, and that he also took the costs of the extra advertising, but he declared that in that case, as the difference between his bid and Hostetter's one that he must meet was only \$125, he might as well stand by the first bid, although he felt that the property owners themselves would not mind him to go to the work at the loss of his first figure will entail.

ASKS RELEASE FROM CONTRACT.

B. F. Ford has addressed the Board of Public Works asking to be released from his contract for the improvement of a portion of Compton avenue, between Sixteenth and Twenty-first streets, for the reason that his attorney has examined the opinion that the proceedings are not legal, and the assessment would not be a valid lien upon the property. The irregularity appears to be in the fact that the property owners themselves would not consent to the work, and so closely in succession. Yesterday the board voted to overlook the same error twice and so closely in succession. Yesterday the board voted to overlook the same error twice and so closely in succession.

Margaret E. Wall, owner of local real property, has raised up in the most compounded and hopelessly real estate lands that has been in local courts for many months.

She appeals to the United States Circuit Court to show her the way out and issues a sort of blanket complaint against W. A. Choate, Chauncey F. Skillings, W. M. Bowen (as trustee and individually), Nofziger Brothers' Lumber Company, W. P. Fuller Company, John L. Howell, John E. Osborne, L. J. Barnes Company, Hypodermic Skin and Door Company, E. K. Wood Lumber Company, Union Lumber Company, H. M. Campbell, John Salisbury, Peter Raynolds, Fred Fleming Hardwood Company, Anna W. Burns Estate, the negro living on Avenue 29. The woman appeared in court yesterday with the negro and ball was fixed at Mr. Bell, a negro living on Avenue 29. The woman was granted to the marriage license bureau, and saw that a license had been granted to John G. Wallace and Jessie Young, the latter's age was noted as 18. Mrs. Young announced his determination to have the marriage annulled.

BILL NO PROVIDER.

HIS WIFE GETS DIVORCE.

Mrs. Belle G. Bull, 23 years old, of Ontario, was granted a divorce yesterday by Judge Conroy, because her husband, George Bell, did not support her.

When the couple married she was 17, and he 15 years old. The parents of both had objected to the union, but finally consented to it, and the marriage was consummated. Mrs. Bull testified. She also told the court that her husband, soon after their marriage, became rough and abusive.

Mrs. Bull's father-in-law testified against his son, who was described as lazy and a failure as a business man.

Mr. Bell, it was stated, three times had started George in business and that in each instance the son had refused to stick to his work.

YOUNG HIGHWAYMEN.

GET LONG SENTENCES.

Yesterday Judge Smith sent Charles Young, Jr., in only 20 years old, to Folsom for twenty-five years, and Harry Magee, a boy of 17, received a sentence of fifteen years.

Both of these youths were highway robbers. Smith was sentenced on four separate counts, to which he pleaded guilty. He robbed Harry Moore for a watch and money, and for the offense a ten-year sentence was imposed.

Ten more years were added for robbing the First National Bank of Ontario, and an additional five years for robbing the DeVol's and relieves him of \$40 in cash, his metal star and some other articles. One year's concurrent sentence was imposed for the robbery of J. R. Robinson.

Officer Zeigler and Hosack, who made the arrests, told the court that Magee was less guilty than Smith, and that the latter had been the younger boy astray. The court, therefore, dealt less severely with Magee, but on five counts that he acknowledged having committed fifteen years and a concurrent sentence of one year on three counts.

Tree Warden Wanted.

From the Outdoor Art League a proposition has come before the Board of Public Works suggesting the need and advisability of establishing a specific office of city tree warden.

The duties of this official would be to have general supervision of tree planting on public streets; to inspect trees now growing on the streets; to encourage the care and culture of shade and ornamental trees throughout the city.

The Outdoor Art League would also urge that street improvements must carry as a part of their plans the uniform tree planting on the street improved.

TEMPLE STREET IMPROVEMENT.

The fate of the proposed general improvement of Temple street by a reconstruction of the city's waterway, a traffic mile all the way to Vermont avenue is hanging in the balance.

Numerous objectors have blocked the way until those who have been promoting the enterprise have given up the effort, and the time and patience.

Yesterday Miss Mary Hargett appeared before the Board of Public Works, and assured that body on the 22d day of January, and the Board of Public Works can now re-advertise bids. In order to clear the middle, the City Council on Monday rejected all bids received by that body on the 22d day of January, and the Board of Public Works for proposals for doing work for the city's right of way stands as a claim against the Mansfield property.

RANCHMEN CONQUERING
(Continued from First Page.)

with which Feits went to work. He had only about \$800. He started with three teams, for the men were very skeptical. Today his supervisors will find 200 horses at work.

A route where the vagrant river ought to run was severely selected,

and the river was made to run down it.

Although the farmers might naturally have been supposed to have constituted this right of way, none of them insisted on being paid for the 20-foot strip.

Feits had down-hill idea.

Feits didn't go into the thing with a great deal of gaiety at first. He knew nothing about engineering, but he did have a pretty good idea that water can run down hill—which was more than some of the surveyors seemed to know.

At first bids were advertised for, but the contractors asked prices that were simply ridiculous.

The lowest bid was \$12 per acre, and the bid had come, all would probably have been spoiled.

Feits held off the work until the spring, in the foothills and the mountains began coming down the old river bed. This first outburst turned down to the new made-to-order river, and ordered to dig a channel for the coming floods to tear and down.

This it did by the process known as "cutting back."

WATER MADE TO WORK.

A little waterfall forms and a little stream starts operating at the base of the fall. This, in its revolutions, cuts away the dirt, and the bank of the falls are presently the brink of the river, in, showing the brink of the falls back a few feet. By this process a western river cuts channel for itself very quickly.

After the falls had eaten a long distance, several feet deep, since being formed, turned out to be humorous.

QUEER THINGS HAPPEN.

The new channel was all ready. The people were waiting. The supreme moment had come. Along came the general manager of the works. He looked over the channel. "Frown! Scowl!"

The Republicans came to the assistance of the rebels in the nation to obtain employment every day in the year, and his wages had been higher than ever before.

"Give me that shovel," he muttered.

PASADENA MAN KILLED BY FALL.

YOUNG MERCHANT'S NECK IS BROKEN ON STEPS.

Sudden Attack of Heart Trouble Causes Him to Plunge Backward and He Lives But Few Minutes. Charles W. Bell Gaining Slowly in the Senatorial Race.

Office of The Times, No. 25 S. Raymond Ave.

PASADENA, Oct. 23.—Sydney Walker, a prominent young business man of this city and the proprietor of Walker's Market at the corner of East Orange Grove and Summit avenue, was found this evening by his wife, a night of sleep had passed. Walker was sitting on the veranda at his home place when he was struck with an attack of heart failure, and fell over backward and down the steps to the sidewalk, and when picked up it was found that his neck had been broken.

Dr. Crane was at once called, and the injured man was beyond help, and he died within few minutes. The direct cause of his death was the broken neck, although the heart attack probably had preceded it.

Walker, who had been a resident of Pasadena for the past two years, made his home with Mrs. Mary F. Hayes at No. 604 North Fair Oaks avenue. He was a member of St. Andrew's Catholic church, Knights of Columbus, Columbus and of the Sons of St. George. He was a native of England, but had lived in America for several years.

In addition to his business here Walker owned considerable property. He had many relatives living in this country, but his family resides at Kent, Eng.

The body was removed to Mrs. Warren's undertaking parlor and the "order" notified. An inquest will be held this morning, and the ceremonies will be under the direction of the Sons of St. George, as Walker was always prominent in the councils of that body, and was counted one of the most active members.

CHARLIE BELL GAINING.

Charles W. Bell is steadily gaining strength in the Senatorial race and his easy wins, as far as Pasadena is concerned, of the primaries of support from unexpected quarters are coming in daily, and Mr. Bell's friends are confident that his candidate will have a walk-over when the election time arrives. Hahn, Parker and the Easterners play their cards close, as far as Pasadena is concerned, and can look for no support from this vicinity.

The effects of the "machine" cohorts to entangle the Republican voters in an unholy alliance have met with failure, and the morning after the shambles from the local Republican club did not drive the substantial men of the community into the Hahn camp. An effort was made to place several of the most prominent Republicans of Pasadena in the convention of the Republican Club in order to be sure of their support, but the men declined the proffered honor, and requested to have their names withdrawn.

Never in the history of Pasadena has there been so many contestants in a fever of candidates as has come to Charles W. Bell, and Hahn's chances of ever again going to Sacramento as Senator from the Thirtieth District seem very slim. Pasadena seems destined to be represented by a man of their own choosing.

GETS FRANCHISE FOR ROAD.

The Pasadena Park Improvement Company today was awarded a franchise for the construction of an electric street railroad from Lake avenue east on Orange Grove avenue through Pasadena Heights. The franchise was sold to the company by the Board of Supervisors for the sum of \$10,000.

"As the law now stands there is no way in which the city and county can cooperate in building storm drains," said Mr. Bertonean. "We should take some steps to secure legislation that would permit the city to build storm drains outside of the city limits, and it would be impossible for the city to build the drains even when the citizens are interested in doing so. In our statutes should be remedied. There is altogether too much undirected legislation. Excellent bills will be brought before the Legislature, and when they are passed they are mutilated out of all semblance to the original."

MERCY SHOWN TO YOUTH.

Grover Lewis and Arthur Middleton, the two young men charged with having stolen a phonograph belonging to the Independent Order of Foresters from the Broadway Saddle liverystable, were arraigned this afternoon.

The Pacific Electric Company will build and operate the road," said Dow, "and the officials of the company will make every effort to complete it as soon as possible. We shall continue our efforts to have the Board of Supervisors for a franchise from the city limits east to Allen avenue and the road, when completed, will be nearly as good as any road in the franchise is more a matter of form than anything else, and I do not anticipate that there will be any trouble in securing it."

The granting of the franchise is dependent upon the approval of the residents of the Pasadena Heights district. Application was made last November, but the petition was held up by the committee to which it was referred. The general impression was that the franchise should be granted, but there was a disagreement concerning the terms. Finally the whole matter was deferred and was not until lately that the Pasadena Park Improvement Association succeeded in having the case decided.

Dow said that if the transaction company should be able to secure the necessary material at once, the road would be completed and in running order within the next thirty days.

CONVENTION OPENS TOMORROW.

All arrangements have been completed for the convention of civic bodies which will be held here on October 29 and 30. From present prospects it appears that the meeting will be greatly successful. Already ten cities have accepted the invitation of the Pasadena Board of Trade to send delegations.

The announcement was made today that the Los Angeles Chamber of Commerce had chosen forty delegates. The citizens of the city are understood to be the committee to which the application was referred.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

WOMAN BATTLES WITH MADMAN.

FORCES HIS WAY INTO HOUSE AT SAN BERNARDINO.

Widely Noted Leaps Upon Man Carrying Shotgun and Subdues in Tearing Him Out of the Residence—Officers Scour Country to Capture the Desperate Man.

(BY DIRECT WIRE TO THE TIMES.) SAN BERNARDINO, Oct. 22.—(Ex.)—SANTA CLARA, Oct. 21.—Mrs. Emma C. Gowell, a wealthy woman of East Island, had a battle all alone last night with an armed maniac, F. Peter, who had surreptitiously entered the residence, seeking to settle a family grievance with a shotgun.

Mrs. Gowell, who was sleeping in her bedroom, was awoken by the intruder's steps in an adjoining room. Leaping from bed she opened the door and stood face to face with Peter, whose wild appearance was heightened by the shotgun, which he quickly threw to his shoulder to fire. Mrs. Gowell leaped upon him, with one arm striking down the gun while the other circled his head and hands. In the heat of the struggle, the brave woman threw him from the house, and commanded him to leave the premises.

Officer Russell, who had arrived all the doors and windows and sat in fear until her return, several hours later, began a search for the maniac was informed.

The maniac had been a resident of this city for eighteen years. She had been an active woman until recently. Funeral arrangements are postponed until absent members of the family can be heard from.

Civil Engineer W. L. Brown has returned from San Jacinto where he went to gather data preparatory to drawing plans for the control of the river water during the winter, so as prevent damage to the town. His plan contemplates the construction of dikes and levees for a distance of about four miles, and the dredging of the main channel. The work will cost \$100,000.

Thomas Rogers, son of Mrs. Blau-

meyer, a wealthy woman of Oregon,

who recently purchased a ranch in the mountains above the town, accidentally shot himself in the thigh last night. While raising a pistol from the floor it fell, and was discharged.

Dr. Blau-meyer, who is a physician,

is now treating him at a sanatorium.

Yesterday's Forecast and Report.

U. S. WEATHER BUREAU, Los Angeles, Oct. 21. Reported by A. E. Weller, Local Weatherman. At 5 o'clock a.m. the thermometer registered 55° at 5,000 feet above sea level, humidity, 52 per cent; 5 p.m., 54°; wind, 5 m.p.h., northeast, velocity 9 m.p.h.; temperature, 76°; dog, 51°.

Weather Conditions.—A disturbance of moderate violence is central today over the Great Plains and Rockies. This has caused heavy snow in Colorado, Wyoming and Western Nebraska, and general rains in Eastern Nevada, Kansas, Oklahoma and Texas. The North Pacific high pressure has moved nearly stationary, and fair weather has resulted in the States west of the Rockies and the Ohio Valley, the lower lake region and along the Atlantic Coast, caused by a storm apparently well to the east of the Florida coast.

The forecast for Los Angeles and vicinity during the next thirty-six hours, with the possible exception of a short rain, is:

Wednesday.—Cloudy for Los Angeles and vicinity; Fair tonight and Wednesday.

SAN FRANCISCO. Oct. 21.—Weather fore-

cast for San Francisco and vicinity:

San Francisco and vicinity: Fair Wednesday with fog in the morning; light west wind.

Marin Valley: Fair Wednesday; light southwest wind.

San Joaquin Valley: Fair Wednesday; light south wind.

Los Angeles and vicinity: Fair Wednesday; light winds.

LOCAL PRODUCE MARKET.

Trade was of fair proportions yesterday morning. The cool weather had a stimulating effect, and the market was firm. The price of ranch eggs was advanced from 28 to 30¢ per dozen. Local ranch hens sell at 45¢ per dozen. Fresh fruit, particularly oranges, were scarce during the cool weather, particularly during the first advance. Receipts were heavier than for several days past. It is to be expected that the market will be more active after the fall comes.

Cherry receipts were heavier yesterday, but the bulk went into storage.

Fruit, particularly oranges, especially for the fancy grade. Oranges are steady. Sweet potatoes were in large supply, but most of the crop is now in storage. Peaches have attained figure.

Almond trade was not spirited, there was good interest in all departments of the fruit market, and supplies fully met the demand. Apples had a better tone. Fancy grades had an excellent demand. Dried figs were in great demand. Fresh cherries were very low, and that soon they will have to begin drawing. New crop fruit had a good demand at farm prices. Peaches are very heavy, and the market is now in storage. Muscats brought 10¢ per bushel yesterday. Watermelons now arriving are small and inferior, and are hard to sell. Cantaloupes are very

S. P. SPENDS BIG MONEY ON DAM.

TEN THOUSAND DOLLARS DAILY COST OF COLORADO WORK.

Within Next Two Weeks the "Yellow Dragon" River Will Be Turned into "Old Channel to the Gulf of Mexico—Three Structures Hold the Waters in Check.

(SPECIAL CORRESPONDENCE OF THE TIMES) IMPERIAL, Oct. 23.—The Southern Pacific Railroad Company is now spending \$10,000 a day in dumping rock into a hole in the ground. This new spendthrift proclivity of the great railroad corporation is due to its determination to turn the Colorado River back to its old channel. The present prospect is bright with apparent success, and the indications are that within a week a portion of the water will be flowing to the Gulf of California, and all of the water within about two weeks.

The particular hole into which the water is being dumped is formed in the by-pass from which the Rockwood gate was washed several days ago.

The Rockwood gate was designed to stop the water from escape around the Hind dam while the lower one is in course of erection, the gate to be closed and thus raise the water after the completion of the dam and force it down the old channel.

The loss of the gate made it necessary to close the by-pass by other means, and to this end three trestles have been built over the by-pass, being dumped from each of these.

The plan is to raise a dam at the lower trestle about three feet, at the middle trestle six feet and at the upper trestle nine feet, so that the dam will back three feet of water against the middle one, and the latter six feet of water against the upper dam, none of the dams will have more than three feet pressure against it.

Work on these dams this evening had so far progressed that the water was held in the middle one, beginning to flow down the old channel, but four feet more raise is necessary to turn the entire stream.

If the intention is to allow 70 per cent of the water to pass out the back of the river, it will take the Hind dam and 20 per cent to go through the by-pass. Maintaining this distribution the dams in the by-pass and the Hind dam will be built up simultaneously.

Eventually the space between the lower dam and the middle one will be filled, making a dam seventy feet wide.

Pipes are now being driven for another trestle across the stream thirty feet above the Hind dam, to give greater strength, and by this means the dam will be made fifty feet wide on top.

Something of the energy being shown is illustrated by the fact that even though Quartz, Quincy and Travertine sit between Tucson and Los Angeles and a Santa Fe and a Salt Lake quarry are all contributing to fill the gap.

Finally the source of supply has been assigned a definite quantity of stuff for its daily output, and the total amounts to 200 cars a day, or enough rock and gravel to dump a car every five minutes a day and night, until the dead is done.

Every available train on the Tucson, Los Angeles and San Joaquin Valley division has been called into requisition and are being loaded with material laid aside to lend the entire energy of the company to the closure of this break.

Every man who has looked at the works believes that there is a spindid chance of closure being effected by this means, and the Colorado River problem being settled soon after November 1 for all time.

There is no desire, however, at the possibility of making the closure by means of the cement gate. This plan has been delayed by the great work necessary to make a canal. The approaching completion of a great dredger now makes that a possibility of the near future, in case the present work fails to tell.

DORAN TELLS OF WORK.

COLORADO RIVER CURBED.

W. J. Doran of this city, representing the California Development Company, said yesterday:

"Notwithstanding the fact that the Rockwood headgate washed out, owing to the extreme pressure occasioned by the very high water in the Colorado River, it is believed that within ten days the water will be diverted down the old channel of the Colorado. This is being done by building a dam in the form of a terrace. The first bar to sustain a head of twelve feet of water, the second nine feet, and the third three feet. In this way the great pressure will be relieved against the first bar. These dams will be constructed out of rock being hauled from the quarries located at Casa Blanca, By, Decies, Ogilby, Pilot Knob and Calabasas. All available flat cars on the Southern Pacific and the Southern Pacific Company have been pressed into service, and from 150 to 200 cars of rock are being dumped daily into the various dams, the head against the first dam having a range of 12 feet and the others in like proportion."

"Col. Randolph feels more encouraged than at any time during the undertaking, and is now living in his private car at the intake, and will remain there until the present work is completed."

The big clam-shell dredger being built at Yuma, it is hoped, will be ready to go into commission by the first of the month, at which time the canal to the eastern headgate will be open, and the dyke will be opened up, the dyke being constructed along the overflow banks of the Colorado River for a distance of over nine miles in being rapidly constructed by a force of about 1,000 men. The great effort being made to control the rushing waters of the Colorado River, and with success apparently in sight, the feeling among the inhabitants of the Imperial Valley has a decided change, and it is generally thought that their troubles of the last three years will soon be over, and this growing and prosperous community soon be put on its feet in such a way as to be of great commercial value to Los Angeles."

TO INAUGURATE DR. BAER.

Distinguished Company, Together with Student Body, Will Assemble on Occidental Campus, Friday.

Preparations are nearly completed for the ceremonies attending the inauguration of Dr. Baer, the president-elect of Occidental College. It is expected that 2000 people, in addition to the student body, will occupy the great tent which has been erected on the college campus.

At 3:30, Friday morning, the student body, under direction of the president of the college class, will form in column order, in front of the Hall of Letters. At the same time, in the corridor of the Hall of Letters, the members of the board of trustees, the faculty, and distinguished guests will be gathered for the academic procession. The distinguished company will pass between the files of the student body, who will then close ranks and form the rear of

Sale Siegel's Brothers Stock---New York Third Day of the Truly Phenomenal Sale of High Grade Merchandise

The past two days has been productive of more business for merchandise of this character than we had thought possible, for it is very true that much of the goods is included in embroidery, white goods and undergarments; but Siegel Brothers had one of the best reputations as makers of high class garments in New York, and their products were bought by the "exclusive" set in Dame Fashion's realm. You will not have a similar opportunity probably at any time within a year to get such high grade goods at such very low prices and thousands of the Los Angeles public appreciate this opportunity coupled with the knowledge that Hamburger's guarantee for worth is back of every piece of goods sold. It certainly would pay you to anticipate your wants for next season as the same amount of money in the bank would not earn 10 per cent, as much interest as you can save by investing it in such high class merchandise now.
